

JUNIOR / GRADUATE DEVELOPER

SYDNEY - FULL TIME

Have you ever tried to upgrade, but found the experience elusive and confusing? We couldn't agree more. Which is exactly why Seatfrog is making the world of upgrading an amazing experience and a joy to use for travellers all over the globe. We've just launched with Virgin Trains in the UK and we have even more exciting announcements in the pipeline for early 2018.

Seatfrog is an exciting place to work. We're backed and advised by some of the smartest and brightest minds in travel from all over the globe. We've assembled a team of leaders who are some of the world's best strategists, designers, technologists and data scientists, and we all love coming to work because we only hire nice, smart and energetic people.

At Seatfrog we make sure you have an environment where you can do amazing work and pursue your dreams. This is a culture with substance where collaboration, growth, beautiful design, outstanding results and success are massively encouraged.

So, this amazing job we've been talking about...

We're looking for recent Computer Science graduates or Junior Developers who are interested in both front and backend development. You'll be working across the range of components in our system, including native phone apps, websites and APIs, with mentoring from our senior team to help you grow.

What we expect from you

- Be passionate and work proactively to suggest improvements
- Move quickly, work smart and collaborate on finding the best ideas
- Work in sprints to meet deadlines
- A love of travelling is a big, big bonus

Your skills and experience

As a solutions-focused and adaptive team player, you'll have:

- You have recently completed an undergraduate degree in Computer Science, Information Technology or equivalent.
- You have good problem solving skills and a strong desire to learn new things.
- You work well in a team and autonomously.
- Excellent written and verbal communication skills.
- A strong grasp of common programming paradigms and design patterns.
- Experience with JavaScript, PHP, Swift, Java, HTML/CSS is a bonus.

If this sounds like your perfect gig, email us today at careers@seatfrog.com.

In your email, we'd love to hear the top line about you, the achievements that you're proud of and examples of your work. But most importantly, why do you want to work with us at Seatfrog?

Amazing careers with the Seatfrog team.
